**Feedback Analysis Report (AY 2020 – 21)**

**I. Preamble**

It is the practice followed in our Institutions to obtain feedback from the students about Academic / Curriculum / Co-curricular / Administration activities / Infrastructure etc. for the holistic development of the institution, The various source of feedback collection in the Academic Year 2020 – 21 are :

- Students Feedback (about the course & course teacher) during the semester.
- Feedback on the Curriculum from students, Alumni, Faculty, Academic Peers and Employers
- Exit survey from graduating students

These feedbacks are collected and collated in the Department level / Institution level and important suggestions / comments / remarks given by the stakeholders on the curriculum & syllabi and other administration activities shall be considered for further course of action.

The curriculum feedback taken from stakeholders (student, faculty, alumni, academic peers, employers) are collated and discussed at the Department Level.

The feedback inputs are given by the Department Head to the Department Head to the BoS members, who take the inputs into consideration for changes in curriculum. The BoS then deliberates the curriculum changes and forwards it to the Academic Council at University level for its approval. The Academic Council approves the changes which are then endorsed by the Board of Management / Executive Council and the changes are implemented in the curriculum from the forthcoming session.

### 6. Action Taken report

Feedback was taken from different stakeholders (Students, Faculty, and Alumni) to review the requirement for changes in the curriculum. The Dean of the school shared this feedback with the Board of Studies and recommended the addition of a new course to enhance/improve communication skills.

The board proposed the following courses to the academic council which were included in the academic year 2021 – 22

1. Graphics - 04
